

JOGLIS

HANZOMON RUNNERS' SATELLITE

for the Imperial Palace Run

Packages for international visitors to Japan

Dear International Travelers

Thank you for finding Joglis.

Joglis is a great facility for enjoying the Imperial Palace Run.

Joglis is a facility that is usually available to members who register on the web.

However, we have also created a plan for travelers so that they can also use the facility.

The plan includes use of showers, lockers, and bath towel rental for 1,750 yen.

All you need to do is present your passport and fill out a form.

We hope that travelers will also use Joglis.

However, we do not have staff fluent in foreign languages, so we will respond to you in poor English and body language.

Please understand.

We look forward to welcoming you.

* You are always welcome to visit us without prior reservation.
